

ASSIGNMENT 2.2

O N L I N E S H O P P I N G A P P

Create an online shopping platform with the following features:

- The user gets 3 choices to select from any of these 3 categories: Groceries, Fruits and Dairy products
- The options should be displayed in the form of a list where when the user chooses any product under each category, the price gets displayed.
- If students want they can also add a feature of calculating the total number of products added and total bill. (This feature is totally optional)
